D.C.s Please ensure that your instructors at pony club rallies, who are taking groups with C riders in them, follow the C syllabus **during your rallies.**

Please check to see that riders remove, and put n their pony's bridles correctly.

Please check to see that the riders have not forgotten their D level activities.

Wet day timetables are great for tail bandaging practise.

Wet day timetables are great for practising tying up a haynet.

Wet day timetables are also wonderful for "Simon Says touch your horse's"

(parts of the body)

Remember it's much easier to learn the parts of a horse if you are actually touching the parts, ie **the shape & texture** eg gaskin, hock; or foreleg, chestnut. They can look very close if riders are trying to learn from a picture however they feel very different.

Have fun! 😊
